

Dear Valued Customer

What a year! At the time of composing this letter, I have not yet received a Covid-19 vaccine. Therefore, to protect your family and myself, I will be wearing a mask while in your home.

Coming out of a relatively mild winter, I suspect that spring startups will begin on time this year. My tentative start date will be April 14th.

I will be accepting Venmo, PayPal (family and friends) and personal checks. My Venmo address is @Jeffrey-Moody-2 and my PayPal address is jmoody55317@earthlink.net . All billing will be sent via email or text.

Again this year, I will try to make your life simpler. I will assume that the services I performed for you last year will be the same this year. If you want to change your services; please email me at jmoody55317@earthlink.net or call/text me at 952-448-5720.

During the spring startups, I will automatically do repairs that involve sprinkler heads and any repair that takes less than 10 minutes. For longer repairs, I will schedule a service call after spring startups are done (approximately after May 24th). Generally, there is no additional service call charge for these repairs (just time and material).

As in past, I will call 2-3 days ahead of time to schedule each service. Please check the following schedule for **approximate** dates for spring startups and fall shutdowns by location. I rotate the dates of services for each city from year to year to be fair to all. Please **mark** on your calendars the approximate dates of each service.

You will find my contact info, prices, and schedule at jeffsprinklerservices.com.

Please keep the following price list for future reference. If you want to change your services or have questions; please email me at jmoody55317@earthlink.net or call/text me at 952-448-5720.

Thank you from Jeff Moody
Jeff's Sprinkler Services Co

PS: Many cities offer rebates on wifi sprinkler controllers that are newly installed. A lot of the rebates cover the cost of the controller. The controller I recommend is the one manufactured by Rachio. I find the app that you install on your smartphone to be the easiest to set up and understand. You can purchase directly from Rachio, Amazon, or any online retailer that carries them. If you are interested, please contact your city to check for rebates.
